CITY WIDE

REPORT RECOMMENDATION

That the Environment Committee and Council receive this report for information.

Dixon Weir, General Manager of Environmental Services and Alain Gonthier, Manager of Asset Management spoke to a detailed PowerPoint presentation to provide an overview of the report (held on file with the City Clerk). Nancy Schepers, Deputy City Manager of Planning and Infrastructure Services was present to respond to questions.

Ms. Schepers responded to questions related to land acquisition and the minimal level of impact of construction during the celebration of Canada's birthday in 2017. Following questions to staff and discussions involving matters such as combined sewage overflow, stormwater management and minimizing pollutants draining into the watershed, the Committee RECEIVED this report for information.
