

**ADDENDUM (May 27, 2015) – REVISED LEGAL COMMENT**

At the City Council meeting of May 27, 2015, City Council was made aware that through inadvertence an incorrect legal comment was inserted into the staff report entitled 'Zoning By-Law Amendment – 385 Sussex Drive' (ACS2015-PAI-PGM-0089). Council subsequently approved that an additional document be containing the revised legal comment.

The following revised legal comment hereby replaces the original comment contained in the 'Legal Implications' section of the above-noted report

“Revised Legal Comment”:

“In the event that the recommendation is adopted and appealed to the Ontario Municipal Board, it is expected that a two day hearing will result. It is anticipated that the hearing can be conducted within staff resources.

Should the recommendation be refused, results must be provided. In the event that such refusal is appealed to the Ontario Municipal Board, it would be necessary to retain an external planner.”
