## **REPORT RECOMMENDATIONS**

- 1. That Agriculture and Rural Affairs Committee recommend Council approve amendments to Zoning By-law 2008-250, as shown in Document 1 and detailed in Documents 3 and 4; and**
- 2. That Agriculture and Rural Affairs Committee approve the Consultation Details Section of this report be included as part of the 'brief explanation' in the Summary of Written and Oral Public Submissions, to be prepared by the City Clerk and Solicitor's Office and submitted to Council in the report titled, "Summary of Oral and Written Public Submissions for Items Subject to Bill 73 'Explanation Requirements' at the City Council Meeting of 27 September 2017," subject to submissions received between the publication of this report and the time of Council's decision.**

Mitchell Lesage, By-Law Writer and Interpretations Officer III, Planning, Infrastructure and Economic Development spoke to a PowerPoint presentation on the rural aspects of the report. A copy of the presentation is held on file with the City Clerk's office.

Chair Moffatt thanked staff for the presentation and noted that the items may be small in the grand scheme of things but important to those affected.

The Committee heard from one delegation:

Stephanie Graham – ACORN – She commented that her organization was advocating for stricter controls of payday loan establishments. She urged the Committee to support the changes regulating them.

The Chair thanked the delegation for their comments but noted that there are no payday loan establishments in the rural areas and this really is a Planning Committee issue and suggested they also present there. It is an important issue.

The committee CARRIED the recommendations as presented.
