7	RMO caused a thing to be done under section 64 of the Act	0	n/a
8	Prosecutions and convictions under section 106 of the Act	0	n/a

The City of Ottawa Risk Management Office implements Part IV policies, including:

- the review of development applications within vulnerable areas made under the *Planning Act* related to new activities;
- development of Section 59 internal screening procedures (interim); and
- initial development of an RMO database to facilitate threats verification for existing activities.

The Rideau-Mississippi Source Protection Region was retained by the City to support Part IV policy implementation related to existing significant drinking water threat activities. Specifically, this comprises verifying existing threats and if necessary, negotiating Risk Management Plans in vulnerable areas to safeguard drinking water sources. The work related to existing threats is ongoing and completion is expected in mid-2018.
