### Site location

The subject site is located at the south side of Lockhead Road, at the intersection with Rideau Valley Drive South.

**Owner**

Cranberry Creek Dairy Farms Ltd.

**Applicant:**

Jeff Shipman

**Description of site and surroundings**

The subject site is located at the south side of Lockhead Road, at the intersection with Rideau Valley Drive South. The property is predominantly surrounded by agricultural uses with limited low density residential uses located within the Kars Village boundary, adjacent to the site. The lands to be rezoned contain approximately 24 hectares, with 690 metres of frontage along Lockhead Road, 153 metres of frontage along Rideau Valley Drive South, and 260 metres of frontage along the unopened Second Line Road allowance.

**Summary of requested Zoning By-law amendment proposal**

The application has been submitted in order to fulfill a condition of severance approval imposed by the Committee of Adjustment with respect to application D08-01-17/B-00410. The intent is to prohibit residential uses on the retained lands.

**Brief history of proposal**

The land to which the proposed Zoning By-law amendment applies was the subject of an application for a surplus farm dwelling severance, application number D08-01-17/B-00410. The severance request was granted by the Committee of Adjustment on January 26, 2018 with a condition that the owner rezone the remnant farmland in order to prohibit residential development.

**DISCUSSION****Public consultation**

Notification and public consultation was undertaken in accordance with the Public Notification and Public Consultation Policy approved by City Council for Zoning By-law amendments.

**Official Plan designation**

This application is being processed under the policies of Official Plan Amendment 150. The property is designated Agricultural Resource Area. This designation protects the prime agricultural area from loss of lands to other uses. Severances are permitted for a surplus dwelling due to farm consolidation [Section 3.7.3(8)]. Section 3.7.3(9b) requires the vacant agricultural parcel be rezoned to prohibit any future residential use, and (9c) stipulates that the size of the severed lot be a size that minimizes the loss of agricultural lands. This Zoning By-law amendment application satisfies the requirements of the Official Plan [Section 3.7.3(9b)] as conditioned by the Committee of Adjustment.

**Other applicable policies and guidelines**

The Provincial Policy Statement (PPS), which came into effect on April 30, 2014, has specific policies with regard to the management of Ontario's agricultural resources. Section 2.3.4.1(c) restricts lot creation in agricultural resource areas to residences that are deemed surplus to a farming operation as a result of farm consolidation. The PPS policies related to severances on agricultural lands provide the basis for the City's related Official Plan and Zoning By-law severance policies; as such this application is in line with the PPS, Official Plan and the Zoning By-law.

**Planning rationale**

This Zoning By-law amendment will affect 16 hectares of retained agricultural land with 153 metres of frontage on Rideau Valley Drive and 690 metres of frontage on Lockhead Road. This Zoning By-law amendment proposes to rezone the remnant agricultural lands from AG3 to AG7 in order to prohibit future residential development. The parcel will meet the minimum lot area requirements of the AG7 zone, which is 10 hectares, and the minimum lot width requirement of 60 metres; the EP zone has no minimum lot area or lot width requirements.

This Zoning By-law amendment implements a condition imposed by the Committee of Adjustment. No new development is proposed.

**Provincial Policy Statement**

Staff have reviewed this proposal and have determined that it is consistent with the Provincial Policy Statement, 2014.

**RURAL IMPLICATIONS**

This Zoning By-law amendment restricts new residential development, thus protecting the agricultural land from fragmentation or competing uses. The effect of this rezoning will be to maintain the rural heritage, and strengthen the rural landscape by supporting the continued productive use of agricultural lands.
