INTERACTIVE MAPPING TOOLS: IDENTIFYING OPPORTUNITY TO
IMPROVE CYCLING INFRASTRUCTURE CONNECTIVITY

ACS2018-CCS-TRC-0010

CITY WIDE

Deferred from the Transportation Committee Meeting of 15 August 2018

REPORT RECOMMENDATION

That the Transportation Committee recommend Council receive this report for information.

Ms. Heather Shearer, Bike Ottawa spoke to a PowerPoint slide presentation, which served to provide the Committee with an overview of the new mapping tools available at maps.bikeottawa.ca. A copy of this presentation is held on file with the City Clerk.

The Committee's comments centred on the benefits of the mapping tool, reducing stress levels, rural cycling limitations and marketing strategies. Councillors Harder and Wilkinson were also present and participated in discussion.

Councillor J. Leiper thanked Ms. Shearer for her efforts in producing the mapping tool and acknowledged all of the countless volunteer hours herself and others have invested in making it successful.

Discussions having ended, the Committee RECEIVED the report as presented.
