Description of site and surroundings

This site is located on Donnelly Drive within Ward 21. The property is approximately 19 hectares in size and is currently used as cropland. There is a wetland at the south eastern portion of the property. The parcel is surrounded by parcel with similar agricultural operations. The property currently has a detached dwelling and accessory structures which have frontage along Donnelly Drive.

Summary of requested Zoning By-law amendment proposal

The application has been submitted in order to fulfill a condition of severance approval imposed by the Committee of Adjustment with respect to application [D08-01-19/B-00048](#). The intent is to prohibit residential uses on the retained lands.

Brief history of proposal

The lands to which the proposed Zoning By-law amendment applies were the subject of an application for a surplus farm dwelling severance. The severance request was granted by the Committee of Adjustment on March 6, 2019 with a condition that the owner rezone the retained farmland to prohibit residential development.

The site is currently zoned Agriculture, Subzone 2 (AG2). It is proposed to rezone approximately 19 hectares of farmland to prohibit future residential use in accordance with a condition of severance. The remaining land area of approximately 1.83 hectares will remain zoned AG2.

At the rear, there are 2.12 hectares containing a wetland which is part of the Rideau River Wetland. This portion is designated Significant Wetlands Area under Schedule A of the Official Plan and is not part of this Zoning By-law Amendment application.

DISCUSSION

Public consultation

Notification and public consultation were undertaken in accordance with the Public Notification and Public Consultation Policy approved by City Council for Zoning By-law amendments. No concerns were identified.

Official Plan Designations

The property is designated Agricultural Resource Area as per Schedule A of the Official Plan. This designation protects prime agricultural areas from loss of lands to other uses. Severances are permitted for a surplus dwelling due to farm consolidation [Section 3.7.3.7]. Section 3.7.3.8.b requires the vacant agricultural parcel be rezoned to prohibit any future residential use, and (8c) stipulates that the size of the severed lot be a size that minimizes the loss of agricultural lands. This Zoning By-law amendment application satisfies the requirements of the Official Plan [Section 3.7.3.8.b] as conditioned by the Committee of Adjustment.

Planning Rationale

This Zoning By-law amendment will affect approximately 19 hectares of agricultural land, as shown in Document 1. This Zoning By-law amendment to rezone the remnant agricultural lands from AG2 to AG6 fulfills a condition relating to the approval of surplus farm dwelling severance application heard by the Committee of Adjustment. Staff had no concerns with the severance application and have determined that the proposed rezoning is consistent with the Official Plan. No new development is proposed.

Provincial Policy Statement

Staff have reviewed this proposal and have determined that it is consistent with the Provincial Policy Statement, 2014.

RURAL IMPLICATIONS

This Zoning By-law amendment restricts new residential development and prevents the loss of agricultural land to other competing uses. This Zoning By-law amendment protects the rural landscape by supporting the continued productive use of agricultural lands.
