Applicant

Jeff Shipman

Description of site and surroundings

This site is located on Canon Smith Drive within Ward 5, and with an approximate total size of 59.3 hectares. The parcel is surrounded with similar agricultural operations and rural residential dwellings. The property currently contains a detached dwelling, a barn and three accessory structures.

Summary of requested Zoning By-law amendment proposal

The application has been submitted in order to fulfill a condition of severance approval imposed by the Committee of Adjustment with respect to application D08-01-20/B-00028. The intent is to prohibit residential uses on the retained lands.

Brief history of proposal

The lands to which the proposed Zoning By-law amendment applies were the subject of an application for a surplus farm dwelling severance. The severance request was granted by the Committee of Adjustment on March 4, 2020 with a condition that the owner rezone the retained farmland to prohibit residential development.

The site is currently zoned Agriculture Zone (AG). It is proposed to rezone approximately 55 hectares of farmland to Agriculture Zone, Subzone 4 (AG4) to prohibit future residential uses in accordance with a condition of severance. The remaining land area containing the existing dwelling, barn and three accessory buildings (approximately 4.3 hectares) will remain zoned AG.

DISCUSSION

Public consultation

Notification and public consultation were undertaken in accordance with the Public Notification and Public Consultation Policy approved by City Council for Zoning By-law amendments. No concerns were identified.

Official Plan Designations

The property is designated Agricultural Resource Area as per Schedule A of the Official Plan. This designation protects prime agricultural areas from loss of lands to other uses. Severances are permitted for a surplus dwelling due to farm consolidation

[Section 3.7.3.7]. Section 3.7.3.8.b requires the vacant agricultural parcel be rezoned to prohibit any future residential use, and (8c) stipulates that the size of the severed lot be a size that minimizes the loss of agricultural lands. This Zoning By-law amendment application satisfies the requirements of the Official Plan [Section 3.7.3.8.b] as conditioned by the Committee of Adjustment.

Other applicable policies and guidelines

The subject site is not within the boundary of any applicable Secondary Plans or Community Design Plans.

Urban Design Review Panel

This application was not subject to review by the Urban Design Review Panel.

Staff had no concerns with the severance application and have determined that the proposed rezoning is consistent with the Official Plan. No new development is proposed.
