1.0 Introduction

The Councillor's Office Manual (the Manual) is a tool that houses current policies and procedures related to the administration of Members' offices and incorporates other office-related matters including a variety of supports available.

The contents of this Manual are subject to a regular review by Council to ensure that goals are being met, gaps are identified and, where possible, systemic adjustments are made. The manual is reviewed twice a term as part of the regular governance cycle, with any substantive changes brought forward for consideration and approval by Council.

City Clerk the authority may approve administrative changes to the Manual between governance reviews, including minor changes to update terminology and references, title or organizational structure changes, changes to technology, or to reference new legislative requirements including those approved by Council.

2.1 Remuneration

As Elected Officials, Members of Council's salaries are paid by the City of Ottawa and are borne from the Council Administration Budget.

Members of Council will be paid on a bi-weekly schedule through payroll administration on alternate Thursdays. A pay period covers the two-week (10 day) period commencing on a Friday and ending on the Thursday payday. Payments are made through direct deposit to the financial institution designated by the Member of Council. Payroll stubs can be obtained in hardcopy or electronically through Ozone.

Standard deductions for income tax and Canada Pension Plan and applicable benefit and pension deductions will be made at source. Members of Council are required to complete a Canada Revenue Agency TD1 form for the purposes of income tax deduction.

Members of Council may be entitled to receive other compensation with respect to various local boards in accordance with the decisions of those bodies.

The Mayor and Councillors' salaries shall be in accordance with and subject to adjustments made from time to time by City Council.

As required by the province's [Public Sector Salary Disclosure Act, 1996](#), the City of Ottawa will disclose the names, positions, salary paid and taxable benefits of Members who receive over \$100,000 in overall compensation.

2.2 Transportation Allowance/Mileage

A transportation allowance is provided to each Member of Council and is taxed in accordance with the [Income Tax Act, 1985](#). No other mileage will be paid to Councillors. The Mayor does not receive a transportation allowance. Instead, the Mayor is provided with a car and Special Assistant with driving duties.

2.3 Pension and Benefits

The Ontario Municipal Employees Retirement System (“OMERS”) is a multi-employer pension plan for employees and elected officials of Ontario municipalities and local boards and has been in place since 1962. OMERS is a contributory defined benefit pension plan with normal retirement age at 65 years.

Enrolment is mandatory for all Members of Council. Contributions are matched by the employer and are based on the taxable portion of the Member of Council’s earnings as follows:

- 6.0% of earnings up to the Years' Maximum Pensionable Earnings (YMPE)
- 8.8% of earnings over the Years' Maximum Pensionable Earnings (YMPE)

Members of Council are entitled to the following benefits:

- health and dental care;
- life and accidental death and dismemberment insurance; and,
- long term disability.

For more information on pension and benefits, visit Ozone under Pension and Benefits, or contact the Payroll, Pension and Benefits Service Centre at [redacted]@ottawa.ca or by phone at extension [redacted]. OMERS can be reached directly at 1-800-387-0813.

2.4 Leave Provisions

No formal leave provisions (i.e. vacation leave, Income Protection Plan, etc.) are provided for Members of Council. Members have the flexibility to determine their work schedules.

However, it should be noted that an absence from Council meetings for three successive months without being authorized to do so by a resolution of Council would result in the Member’s seat being declared vacant pursuant to [Section 259\(1\)\(c\) of the *Municipal Act, 2001*](#).

Furthermore, [Subsection 83\(14\) of the *Procedure By-law*](#) provides as follows with respect to attendance at committee meetings:

Should any Member of a Committee/Commission fail to attend three successive regular or Special Meetings thereof, without being authorized to do so by a resolution of the Committee/Commission, the Committee/Commission may certify such failure and thereupon the membership of such person on the Committee is terminated and the Council may appoint another Member in their place.

Reception of a written notice of regret by the Committee/Commission or Council shall constitute authorization for the purposes of this subsection.

2.5 Mandatory Training for Members of Council

The City of Ottawa is committed to promoting a work environment that encourages continuous learning that is aligned with the achievement of its corporate, strategic and business goals. Similarly, the City of Ottawa is required to provide training and information to all its officers that meets the legislative requirements of the *Occupational Health and Safety Act* and Regulations and *the Accessibility for Ontarians with Disabilities Act* and Regulations. Councillors have the authority to hire employees and contracted vendors in their office. This section discusses their employment status, entitlements and conditions.

3.1 Councillors' Assistants

Councillors' Assistants are employed on a temporary (full time or part time) contract basis and are non-unionized. Their employment is tied to the term of office for the Member of Council.

Councillors' Assistants contractual relationship is with the City of Ottawa. They are eligible to receive compensation and participate in benefit and pension programs (if eligible) similar to other employee groups in the City. The work of a Councillor's Assistant is based on the Councillor's political and constituency services needs. Although the employee reports directly to an Elected Official, they are considered City of Ottawa employees and are subject to applicable employment conditions and policies for the Councillor Assistant group.

3.1.2 Employment Contracts

Upon hire, Councillors' Assistants sign an Employment Contract which will not extend beyond the term of Council. This contract is between the employee and the City of Ottawa. The Councillor, although not the employer as an Elected Official provides direction with respect to certain terms of the assistant's employment terms of employment. y. (pay, probationary period, hours of work, start and end date, etc.).

The Employment Contract is administrated by Council Support Services.

3.1.3 Remuneration

Salaries for Councillors' Assistants are paid from the Councillor's Constituency Services Budget. The starting pay and any adjustments to a Councillors Assistants pay are at the discretion of the Councillor.

All employees will be paid on a bi-weekly schedule through payroll administration on alternate Thursdays. A pay period covers the two-week (10 day) period commencing on

Document 19

a Friday and ending on the Thursday payday. Payment is made through direct deposit to the financial institution designated by the employee. Employees may access their pay stubs online through the “Employee Info” section on Ozone.

Human Resources developed a salary scale guideline document for Councillors Assistants. The salary scale provides pay grade recommendations for various Councillors Assistant position levels and serves as a guideline for Councillors to administer pay increases. An up to date salary scale document can be obtained by making a request to Council Support Services.

Council Support Services may further support the Councillor in making a determination by providing benchmarking information and reviewing the availability of funding in the Constituency Services budget.

When a City Councillor notifies Council Support Services that they wish to grant a staff member(s) in their office with a pay increase or performance bonus as a result of their performance the following steps are taken:

1. The Councillor may consult with Council Support Services and/or review the Salary Scale Guideline Document for Councillors’ Assistants;
2. The City Councillor notifies the Program Manager of Council Support Services in writing of the name of the employee and the dollar amount they wish to compensate;
3. The Program Manager of Council Support Services consults the budget forecast and/or verifies with the Financial Support Unit that the Councillor has sufficient funds in their constituency budget;
4. If there are insufficient funds, the Program Manager of Council Support Services notifies the Councillor;
5. If there are sufficient funds, the Program Manager of Council Support Services notifies the Manager of Council and Committee Services and requests approval for the expense; and

The probationary period is predetermined in the Employment Contract, but the standard period is three months.

If the employee is terminated during the probationary period, they do not have access to the remuneration/severance outlined in the following section (3.1.5).

3.1.5 Termination and Severance

The Councillor may terminate the Employment Contract by payment to the employee of a sum of money equivalent to one month's pay for each year of service. However, the City may discharge the employee for just cause without notice or payment in lieu of notice, or during the probation period.

following their absence as leave usage has an implication to the bottom line of the Councillor's Constituency Services budget.

In late September following the popular time for vacations, a vacation report will be provided to each Member advising of their staffs outstanding vacation time and its potential impact to their Constituency Services Budget.

For example, if a Member is forecasted to have a \$6,000 deficit at year end, and their staff has 20 vacation days worth \$7,200, the Councillor's budget would show a \$1,200 surplus once the vacation has been taken.

their Employment Insurance Benefits to a maximum of 93% of their normal wage for a maximum of 15 weeks of such leave.

Full time eligible employees will be enrolled in the Ontario Municipal Employees' Retirement System (OMERS) subject to OMERS eligibility rules. Part time employees will be offered the option to enroll in OMERS if they work less than 35 hours, subject to OMERS eligibility rules.

Part time employees will receive eight percent (8%) of salary in lieu of benefits up to age 65 and six percent (6%) of salary in lieu of benefits from age 65 to age 69. All salary in lieu of insured benefits will cease at the end of the month in which the employee attains age 69.

The employer is an institution for the purposes of the [Municipal Freedom of Information and Protection of Privacy Act \(MFIPPA\)](#). As a condition within the Employment Contract, the employee agrees not to disclose any information except what may be necessary under MFIPPA guidelines. This provision survives the termination of the Employment Contract.

As per the Employment Contract, employees are to be familiar with the following policies at the City of Ottawa:

As directed by the Member Services Committee at its meeting February 5, 2001, service agreements can be entered into whereby contractors invoice the Councillor's office directly for services rendered. The costs of such services can be borne by the Councillor's Constituency Services Budget. It is recommended that contracts be awarded in compliance with the City's Procurement By-law.

It is recommended that contracted vendors are hired to carry out duties that are non-routine in the office and require a specific focus such as marketing, social media or graphic design services, etc.

5.0 Finance

This section provides information on the Councillors Constituency Services Budget and the related policies, processes and accounting procedures.

5.1 Constituency Services Budget

Each Member of Council receives a Constituency Services Budget for the calendar year (January 1st to December 31st). A Constituency Services Budget is intended to provide Members of Council with the resources to:

- Administer their offices at City Hall and in their wards to support their role;
- To conduct meetings and communicate with their constituents and other stakeholders;
- Support and promote activities or community groups within their ward and in the community at large; and
- Represent the City at functions, events or conferences.

Members staff salaries and other expenses such as office supplies and services, community event expenses, special event tickets, donations, sponsorships and travel related expenses are borne from the Constituency Services Budget.

5.1.1 Budget Administration

A Member of Council is accountable to their constituents with respect to all expenditures incurred in their budgets. However, the City Clerk and his designates also has responsibility for monitoring expenditure forecasts for the Councillors' office budgets. Quarterly financial status reports will be provided to assist Members of Council in the management of their office budgets. In addition to the quarterly reports, Councillors and their staff are able to access up-to-date financial reports (including financial status and financial transaction reports) for their offices. Please contact the Program Manager of Council Support Services to set up the required access.

Where it appears that either budget may be overspent, the City Clerk or his designates will advise the Councillor in writing and will work towards resolving the matter with the Councillor. Furthermore, Councillors are personally liable for any deficit in their allocations at the end of the year or the end of their term. This is particularly important in an election year since sufficient funds must remain for the newly elected representatives to operate their offices. There will be no carry-over of deficits or surpluses into the next year.

While the Councillor's office budget is responsible for their staffs salaries, it is not responsible for their staff benefits. Benefits are covered by the Council Administration Budget, which is overseen by the Office of the City Clerk. Similarly, the Member's salary and benefits are covered by the Council Administration Budget.

5.2 Council Administration Budget

Under the supervision of the City Clerk and his designates, the Council Administration Budget is used to finance a range of items commonly used in the operation of each office, as well as cover certain expenses involved in the operation of City Council.

The salary, benefits, and transportation allowance of all Members of Council will be drawn from the Council Administration budget. The budget may also fund travel by Members of Council to conferences/conventions that are approved by Council or its Committees.

Other items to be paid out of the Council Administrative account are as follows:

- Basic coffee supplies for the kitchens on Council Row at City Hall;
- A collection of daily and community newspapers will be available at the reception desk for shared use;
- Basic office supplies such as pens, highlighters, staples, paper clips, tape, sticky notes and file folders;
- Standard office furniture, including a desk and chair for each staff member, filing cabinets, bookcases and guest chairs;

5.3 Council Expense Policy

The Council Expense Policy was adopted by Council on May 8, 2013. The policy governs what are permissible expenses from their Constituency Services Budgets. The policy is designed to:

- Provide Members of Council with the flexibility to allocate resources in the most efficient way to meet their own particular requirements;
- Clarify the processes that Members and their staff use to administer their budgets by simplifying and outlining the rules; and
- Recognize Members' accountability for managing City resources allocated to them.

The Council Expense Policy is overseen the by Office of the City Clerk and is attached to this manual as Appendix C.

5.3.1 Budget Credits

To aid with some office related costs against the Constituency Services Budget, there are departmental credits offered.

From the Office of the City Clerk

- **\$900 ITS MFD Printing Credit:** This credit is yearly and toward internal printing on the office printers. This credit is automatically applied and when the office exceeds \$900, charges will begin to be applied to their office budget. The unused portion of the credit is not transferable to the following year. The event must be held in a RCFS Department facility where the rental revenue goes to the Department of Recreation, Cultural and Facility Services of the City of Ottawa.

5.3.2 Election Year Restrictions

During a municipal election year, the Constituency Services Budgets for the period January 1st to Voting Day shall be restricted to 11/12^{ths} of the approved budget amount, with the provision that subsequent to Voting Day:

- New Members of Council are allocated a budget equal to 1/12th of the approved budget amount to cover their expenses for the month of December; and
- Re-elected Members of Council will have available to them the balance of funds remaining as of Voting Day.

In relation to a municipal election year and by-election, certain restrictions are placed on Member's Office Budgets and the allowable expenses that can be incurred. These restrictions are set out in the Election-Related Resources Policy. The Election-Related Resource Policy has been attached to this manual as Appendix D.

5.4 Accounting Procedures

As noted above, all expenditures are governed by the policies and procedures prescribed in the Council Expense Policy. Council Support Services oversees all financial documents submitted by Councillors offices for processing. Members of Council and their staff are asked to submit all financial documents along with any supporting documentation required by the Council Expense Policy to Council Support Services.

As described in more details below, expenses may be paid directly to the vendor, reimbursed to the Councillor or staff member, applied to a City issued corporate card or purchasing card, or paid by internal transfer for City services.

All budget expenses require a cost centre and cost element. The cost centre is the account number assigned to the Councillors Constituency Services Budget and a cost element categorizes the expense type for budgeting and report purposes. Council Support Services ensures all expenses are allocated to the correct cost centre and at the time of processing. See Appendix E for a list of cost elements.

5.4.1 Delegated Signing Authority

A Member of Council and or their staff must have delegated signing authority in order to sign off on expenses to their cost centre. A Delegated Signing Authority form must be filled out and submitted to Council Support Services. Members are provided with this form at the beginning of the term.

5.4.2 Vendor Accounts

Vendor accounts are profiles that are created with Accounts Payable and have the necessary information to make payments to vendors used by Members of Council and their staff.

All new vendors are to fill out and submit a Request for Vendor Payment by Direct Deposit form to Accounts Payable. Once set up, the vendor will be able to receive direct deposit payments for invoices submitted.

Council Support Services can assist in determining if a vendor already is already in the City's system.

5.4.3 Payment Without Reference (PWR)

With a vendor account, payments can be made directly to vendors for goods and services. Invoices from vendors can be paid by filling out a Payment Without Reference (PWR) form and attaching the necessary supporting documentation. Likewise, a PWR stamp can be used in place of the form on detailed invoices to fill out the necessary accounting information.

Reimbursements to Members and their staff for office related expenses can be processed by filling out a PWR form.

Once submitted, PWR's will be reviewed by Council Support Services, and sent to the Finance Support Unit (FSU) for payment processing.

5.4.4 Daily Cheques

Daily cheques can be requested through Council Support Services with a PWR form to have a cheque issued instead of direct deposit. The cheque can be delivered to the office or placed in the mail to be sent directly to the vendor.

Cheques are printed weekly by Accounts Payable. Daily cheques must be requested and received by Council Support Services no later than Wednesday's by 3:00 p.m. for it to be printed and delivered to the office on Thursdays by 3:00 p.m.

5.4.5 Petty Cash Reimbursements

Reimbursements to Members and their staff are available through petty cash up to a maximum of \$75. A Petty Cash Voucher must be filled out and submitted with the appropriate supporting document to Council Support Services. Once received, Council Support Services will process and deliver the petty cash to the requester.

5.4.6 Travel Claims

Members of Council may be required to travel on City business by participating at various conferences, conventions, seminars, workshops and meetings outside the municipality. In some scenarios, trips may be approved by Council and/or the Finance and Economic Development Committee, Standing Committees, or Members of Council.

The Council Expense Policy sets out the required details for travel related expenses. Members can be reimbursed for per diem, mileage, registration and other travel related expenses and accommodations. After returning from business related travel, Members must complete a Travel Authorization/Claim form to be reimbursed for expenses.

5.4.7 Reimbursements to the Councillor's Office Budget

Reimbursements can be made to the Constituency Services Budget in the form of cash or a cheque made out to the City of Ottawa and submitted to Council Support Services. A reimbursement can only be made to offset an existing expense.

5.4.8 Corporate Credit Card Reconciliation

Members of Council can obtain a Corporate Card or a Purchasing Card (for their staff), which provides more flexibility with respect to purchasing goods and services, including travel expenses. Both cards are accompanied with specific reporting and accountability requirements set out in the Purchasing Card Policy and Purchasing Card Procedures.

Like other financial forms, Council Support Services oversees the reconciliation of all corporate cards. Staff will receive an email from Council Support Services detailing the expenses on card for the month, what is missing and the deadline to submit receipts and documentation.

Once complete, the corporate card statement will be reconciled and circulated to the cardholder for signature before being sent to Finance for processing and budget allocation.

A corporate card can be requested by contacting Council Support Services.

5.5 Public Disclosure of Office Expenses

As part of the City Council's commitment to accountability and transparency, City Council members disclose their individual office expenses on a monthly basis on Ottawa.ca. The pro-active and routine disclosure of office expenses enhances the transparency of the administration of each Member's office budget.

Expense reports are prepared on a monthly basis for each Member of Council and are posted online. The reports are broken down into a series of categories and an itemized report is provided for expenses related to hospitality, donations and sponsorships, special events and travel.

Council Support Services prepares the expense report for each office based on information provided by the Member of Council. All Members of Council have the opportunity to review the expense report before it is posted online and can recommend changes at such a time. To ensure accurate and complete reporting Members of Council are required to provide all information pertaining to an expense, as required by the Council Expense Policy, when it is submitted to Council Support Services for processing. Special event accounts (Section 5.6) are listed in Public Disclosure on an annual basis.

More information can be found in the Accountability Framework section (6.0) of this manual.

5.6 Community Fundraising and Special Events Policy

The [Community Fundraising and Special Events Policy](#) governs scenarios where Members of Council may seek and receive donations or sponsorship to organize events that benefit their Ward, the City or a local charity.

Special Events are included in the Public Disclosure of Office Expenses on an annual basis. More information can be found in the Accountability Framework section (6.0) of this manual.

6.0 Accountability Framework

The City of Ottawa is committed to ensuring that all municipal governance follows the principles of accountability and transparency. As such, City Council is guided by the following policies, procedures, and principles.

This section seeks to provide Members with the most essential information on the policies, codes, tools and Officers that comprise the City of Ottawa's Accountability Framework. The aim of this section is to provide an overview of the Accountability Framework, as well as a summary of its background and implementation.

6.1 Accountability Framework – Overview

Members of Council's responsibilities with respect to accountability are encoded in [Section 224 of the *Municipal Act, 2001*](#), the key piece of legislation governing municipalities in Ontario (emphasis added):

Role of council

224. It is the role of council,

- (a) to represent the public and to consider the well-being and interests of the municipality;
- (b) to develop and evaluate the policies and programs of the municipality;
- (c) to determine which services the municipality provides;
- (d) to ensure that administrative policies, practices and procedures and controllership policies, practices and procedures are in place to implement the decisions of council;
 - (d.1) to ensure the accountability and transparency of the operations of the municipality, including the activities of the senior management of the municipality;
- (e) to maintain the financial integrity of the municipality; and
- (f) to carry out the duties of council under this or any other Act.

The City of Ottawa is committed to promoting accountable and transparent municipal governance. Just as City Council as a whole must ensure the accountability and transparency of City operations, an individual Member of Council, must make every effort to ensure that decision-making is open and transparent, and that municipal operations are conducted in an ethical and accountable manner.

The fundamental components of the [City of Ottawa's Accountability Framework](#) are detailed in the following subsections.

6.6.1 Key documents:

- [Code of Conduct for Members of Council](#): Outlines the ethical behaviour expected of Members of Ottawa City Council;
- [Complaint Protocol](#): Outlines the procedures for filing an informal or formal complaint. Members of the public, City staff, Members of Council and Council as a whole can file a complaint if they believe a contravention of the Code of Conduct has occurred;
- [Lobbyist Registry By-law 2012-309](#): Establishes a lobbyist registry and establishes the position and duties of the Lobbyist Registrar of the City of Ottawa;
- [Lobbyist Code of Conduct](#): Outlines the standards of behaviour for lobbyists and the conduct of lobbying activities;
- [Council Expense Policy](#): Provides guidance to Members of Council on expenditures that support the Member in fulfilling their duties as an elected official;
- [Community, Fundraising and Special Events Policy](#): Outlines rules for the involvement of Members of Council in Council-Member organized community events, and in providing support for benevolent activities;
- [Accountability and Transparency Policy](#): Provides a listing of various principles, policies, procedures and practices by which the City of Ottawa promotes accountable and transparent municipal governance; and
- [Delegation of Powers Policy](#): Provides for the City of Ottawa to delegate its powers and duties to provide efficient management of municipal operations. The policy requires, among other principles, that every delegation of power or duty of Council shall be accompanied by a corresponding accountability and transparency mechanism.

6.1.2 Key reports:

- [Lobbyist Registry](#) (Joint meeting of the Finance and Economic Development Committee and the Governance Renewal Sub-Committee, December 1, 2011)
- [Lobbyist Registry – Update](#) (City Council July 11, 2012)
- [Integrity Commissioner](#) (City Council July 11, 2012)
- [Code of Conduct for Members of Council and Gifts Registry](#) (City Council May 8, 2013)
- [Council Expense Policy and Community, Fundraising and Special Events Policy](#) (City Council May 8, 2013)
- [Annual Reports of the Integrity Commissioner](#)

6.1.3 Statutory officers:

[Part V.1 \(“Accountability and Transparency”\) of the *Municipal Act, 2001*](#) sets out the integrity officers that municipal councils have the express authority to appoint. As of March 1, 2019, the Act will require municipalities in Ontario to appoint an Integrity Commissioner or provide for the services of an Integrity Commissioner of another municipality. Part V.1 also provides municipalities with the discretionary authority to appoint a Lobbyist Registrar and Auditor General. The City of Ottawa has appointed all three officers:

- The [Integrity Commissioner](#) applies the Code of Conduct for Members of Council, and provides Members of Council with confidential advice on its application. The City’s Integrity Commissioner, [Robert Marleau](#), also serves as Lobbyist Registrar and Meetings Investigator.
- The Lobbyist Registrar is responsible for ensuring lobbyists’ compliance with the Lobbyist Registry By-law and Lobbyist Code of Conduct, in addition to the oversight and administration of the Lobbyist Registry. The Registrar also seeks to provide education to lobbyists and public office holders alike, by holding stakeholder sessions, issuing [Interpretation Bulletins](#), and maintaining open communication to ensure understanding of the By-law and Lobbyist Code of Conduct.
- The [Auditor General](#) carries out financial, compliance and performance audits of programs, activities and functions of City departments, agencies, boards,

commissions and corporations. The Auditor General may also conduct audits of the offices of the Mayor and Members of Council.

[Section 239.1 of the *Municipal Act, 2001*](#) provides that anyone who wishes to question the appropriateness of a meeting of Council, its committees or local boards that was closed to the public in full or in part may request an investigation. Under the *Municipal Act, 2001*, the municipality may use the [Ontario Ombudsman](#) as investigator for this purpose, or may appoint an investigator who has the function to investigate in an independent manner on a complaint made to him by any person. The City of Ottawa has opted to appoint a [Meetings Investigator](#). As stated above, Integrity Commissioner Robert Marleau performs this function.

6.1.4 Public disclosure tools:

- [Public disclosure of office expenses](#): This pro-active and routine disclosure, posted on Ottawa.ca, provides transparency of the administration of each Member's office budget;
- [Gifts Registry](#): Members of Council provide quarterly reports disclosing the gifts, benefits, hospitality and tickets they have received that individually exceed \$100 from one source in a calendar year. The reports are posted on Ottawa.ca;
- [Lobbyist Registry](#): The Lobbyist Registry is a bilingual online tool that documents instances of substantive communication that occur between lobbyists and public office holders. The onus for reporting is on lobbyists, who must disclose lobbying activity within fifteen business days of the communication taking place;
- [Disclosure of executed contracts](#): As part of the [2010-2014 Mid-Term Governance Review](#), Council adopted an amendment to the *Accountability and Transparency Policy* to require the pro-active disclosure of contract awards that have a value of \$100,000 or more that were not the result of public procurement, as well as contracts resulting from a public procurement exercise that are of significant public interest;
- [Disclosure of MFIPPA requests](#): The Access to Information and Privacy Office (ATIP) compiles a list of requests received under the *Municipal Freedom of Information and Protection of Privacy Act* that could be of public interest. Every quarter, the ATIP Office publishes a list of requests that were closed during the previous fiscal quarter; and
- [Office of Protocol - Public Disclosure of Expenses](#): The Office of Protocol manages the coordination and delivery of events and receptions hosted by the

Mayor, or the Mayor's designate, on behalf of the City of Ottawa. [As part of the 2010-2014 Mid-Term Governance Review](#), Council approved a recommendation that the Office of Protocol produce an annual public disclosure of all events and gifts presented.

6.2 Accountability Framework - Background

*"The City of Ottawa's Accountability Framework is unique in several respects. First, Council opted not only to proactively invoke discretionary tools regarding accountability and transparency set out in the Municipal Act, 2001, ("the Act") but it has done so in a timely manner and in the absence of a scandal. Second, Ottawa is first municipality in Ontario to integrate roles of three integrity officials provided for in the Act. Further, Ottawa is the second Canadian municipality to establish a formal lobbyist registry and the first to do so voluntarily. This accomplishment was realized both in record time, and by re-purposing existing database resources."*¹

Council derives its authority to implement the Accountability Framework from [Part V.1 \("Accountability and Transparency"\) of the Municipal Act, 2001](#).

Specifically, as of March 1, 2019, the *Municipal Act, 2001* requires the municipality to:

- Establish codes of conduct for members of council and local boards of the municipality;
- Appoint an Integrity Commissioner, or provide for the services of an Integrity Commissioner, to carry out the following functions:
 - Application of codes of conduct for members of council and members of local boards;
 - Application of any other procedures, rules and policies governing the ethical behaviour of members of council and members of local boards;
 - Application of sections [5, 5.1 and 5.2 of the Municipal Conflict of Interest Act, 1990](#) to members of council and of local boards;
 - Provide advice to members of council and of local boards respecting their obligations under the code of conduct applicable to the member;

¹ Robert Marleau, City of Ottawa Integrity Commissioner. "A Commitment to Integrity and Transparency: The City of Ottawa's Accountability Framework." *The Guardian* (publication of the Council on Governmental Ethics Laws) Vol. 35, Issue 1 (18 June 2014):

Document 19

- Provide advice to members of council and of local boards respecting their obligations under any other procedure, rule or policy of the municipality or local board governing the ethical behaviour of members;
- Provide advice to members of council and of local boards respecting their obligations under the *Municipal Conflict of Interest Act, 1990*; and
- Provide educational information to members of council and of local boards, the municipality, and the public about the municipality's codes of conduct for members of council and members of local boards and about the *Municipal Conflict of Interest Act, 1990*.

The Act also authorizes the municipality to:

- Appoint an Auditor General who holds council and city administration accountable for the quality of its stewardship over public funds; and
- Establish and maintain a lobbyist registry, require lobbyists to file returns, establish a code of conduct for lobbyists and appoint a Lobbyist Registrar.

As part of the 2010-2014 Governance Review, City Council endorsed an Accountability Framework that included a Code of Conduct for Members of Council, the appointment of an Integrity Commissioner, the public disclosure of office expenses, a low-cost lobbyist registry and a public registry of gifts received by Members of Council. These new accountability measures complemented the existing *Accountability and Transparency Policy*, the *Delegation of Powers Policy*, and the statutory provisions that were already in place regarding the Office of the Auditor General and the position and operations of the City's Meetings Investigator.

As of January 2011, Members of Council, as well as each member of the Executive Committee, disclose their monthly office expenses [online on Ottawa.ca](#).

At its meeting of July 11, 2012, Council approved the establishment of the Lobbyist Registry and the [Lobbyist Code of Conduct](#), as part of its Accountability Framework. On August 29, 2012, Council enacted and passed [By-law 2012-309](#) establishing both the Registry, and the position and duties of the Lobbyist Registrar. On the same day, Mr. Robert Marleau was appointed Integrity Commissioner, Lobbyist Registrar and Meetings Investigator.

The Lobbyist Registry was launched shortly thereafter on September 1, 2012. The Lobbyist Registry application was developed in-house by City Information Technology

Document 19

staff. No hardware or software was required, as IT repurposed an existing application to create a very simple lobbyist registry system, with a focus on user-friendliness, simplicity and transparency.

In 2013, the last two pieces of the Accountability Framework were put in place. On May 8, 2013, Council adopted the Code of Conduct for Members of Council, as well as the Council Expense Policy and the Community, Fundraising and Special Events Policy. All three items were enacted on July 1, 2013.

Finally, in October 2013, Council undertook its first proactive disclosure of all gifts, benefits, hospitality and tickets captured by the Code and received by Members of Council that individually exceeded \$30 for the period of July to September, 2013. As part of the 2014-2018 Governance Review, the monetary threshold for gifts, benefits and hospitality was raised to \$100. The \$30 monetary threshold for tickets remained in effect. Disclosure is ongoing on a quarterly basis.

With the Accountability Framework in place, the Integrity Commissioner turned his focus on providing timely advice on ethical matters and interpretations of the Code of Conduct in response to inquiries from Members of Council and their staff. In his capacity as Lobbyist Registrar, the Integrity Commissioner's focus has been on education, outreach, and encouraging greater compliance on the part of lobbyists with the Lobbyist Registry By-law and the Lobbyist Code of Conduct.

On May 30, 2017, Bill 68 received Royal Assent and included 43 pages of amendments to the *Municipal Act, 2001* (and the *City of Toronto Act, 2006*), the *Municipal Conflict of Interest Act* and the *Municipal Elections Act, 1996*, as well as approximately 12 other pieces of legislation. These changes relate to the general themes of accountability and transparency, municipal finance and service delivery.

As a result of Bill 68, Council's Accountability Framework will evolve to include a code of conduct for members of local boards, which will be overseen by the Integrity Commissioner, as well as a new municipal conflict-of-interest regime. The new provisions come into effect on March 1, 2019.

7.9 Ward Office Space

The Member Services Committee approved the following regarding ward office space on May 17, 2001:

1. All Councillor's are entitled to minimal ward office space, where desired;
2. Ward space must be within existing city facilities and must utilize existing spaces;
3. Ward space should be located within administration buildings where ever possible;
4. Minimal financial costs will be incurred for construction within ward space, i.e.; change locks, replace carpets, minor alternations, patch and paint walls, etc.
5. All ward space to be approved and implemented by the Corporate Accommodations Project;
6. Councillor's are entitled to book meeting space within any city facility without cost.

Please contact Council Support Services for more information.

7.10 Commissioner of Oath

The function of the Commissioner for taking Affidavits/Oaths is to provide formality to the occasion of signing the document in question so that the person swearing or affirming to the document is agreeing that their conscience is bound and is making an express statement binding in law that that the contents of the document and signature are true. Swearing a false affidavit can result in legal proceedings under various provincial legislation and could constitute perjury under the *Criminal Code of Canada*. Furthermore, a Commissioner who fails to properly administer the taking of an oath is also subject to prosecution.

Document 19

It is important to note that some government applications are to be executed by persons other than a Commissioner for taking Affidavits/Oaths such as notaries, lawyers, or guarantors. A passport application for example, requires a guarantor to attest to the identification of the applicant. A guarantor is a person who has known the applicant for at least two years and is also of a certain occupation/profession. Attesting to the identification of a passport applicant is the function of a guarantor, not a Commissioner of Oaths. Accordingly, it is important that the Commissioner of Oaths satisfy themselves that the function is in fact one that is within the jurisdiction of the Commissioner of Oaths. An examination of the document, including the “jurat” which is the signature block setting out when, where and before whom the document is to be sworn or affirmed will indicate whether a Commissioner of Oaths can commission the document.

Who are Commissioners for taking Oaths?

Generally speaking, a person can become a Commissioner for taking Affidavits/Oaths in Ontario in the following two ways:

1. by virtue of office
2. appointment

Commissioners by virtue of office.

The following are, by virtue of their office/position, commissioners for taking affidavits:

- Mayor and City Councillors - can only take commissions within the municipal territory
- City Clerk, Deputy City Clerk, and Treasurer -can only take commissions within municipal territory
- Members of the Provincial Parliament (MPP's)
- judges and justices of the peace
- lawyers entitled to practice law in Ontario (e.g. Legal Services)
- certain City staff such as administrative heads and deputy administrative heads for City departments relating to building standards, welfare, assessment or planning, and the medical officer of health – for purposes of the affairs of the City only.

Document 19

No stamp is required for Members of Council. However, it is a good practice for the Commissioner to indicate their office underneath the jurat (e.g. City Councillor, City Clerk, or Solicitor).

Duties of Commissioners and the Commissioning Process

The Ministry of the Attorney General publishes a [Reference Guide for Newly-appointed Commissioners for Taking Affidavits](#), that may be consulted for current information and guidance for commissioners and the process for commissioning documents, including responsibilities as a Commissioner of Oaths and Steps for Taking Written Declarations and Affidavits, which apply to appointed commissioners as well as commissioners by virtue of office.

Councillors should read carefully and review the *Commissioners for Taking Affidavits Act* and Ontario Regulation 431/20, Administering Oath or Declaration Remotely, **before** commissioning any documents.

Appendix C – Council Expense Policy

1. Policy Overview

The Council Expense Policy provides guidance to Members of Council on expenditures that support the Member in fulfilling his or her statutory duties as an elected official. A Constituency Services Budget is intended to provide Members of Council (Members) with the resources to:

- Administer their offices at City Hall and in their wards to support their role;
- To conduct meetings and communicate with their constituents and other stakeholders;
- Support and promote activities or community groups within their ward and in the community at large; and
- Represent the City at functions, events or conferences.

The policy is intended to:

- Provide Members of Council with the flexibility to allocate resources in the most efficient way to meet their own particular requirements;
- Clarify the processes that Members and their staff use to administer their budgets by simplifying and outlining the rules; and
- Recognize Members' accountability for managing City resources allocated to them.

The following principles should be applied when interpreting this policy:

(a) Autonomy of Council

- City Council, as the decision-making body of the City, is separate and distinct from the City administration; and
- The autonomy of Council is provided for in the *Municipal Act, 2001*.

(b) Integrity of Council

- The integrity of City Council as a whole and the offices of the Members must be protected; and
- The interest of City Council as a whole takes precedence over the personal interest of individual Members of Council.

(c) Accountability

- Members are the stewards of City resources and are ultimately accountable to the public and their constituents for the type and level of expenses they incur;
- Since Members use public funds when they perform their duties, the public expects public funds to be used solely for fulfillment of their public duties;
- Members' expenses should be reasonable and reflect what the public expects of an elected official; and
- Members' business expenses and personal expenses must be kept separate.

(d) Transparency

- The public has a right to know how public funds allocated to Members are spent; and
- The public's right to Members' expense information must be balanced against the need to protect privacy and personal information, and allow time for proper accounting and reconciliation of expenses.

(e) Flexibility and Limits

- Members require flexibility to perform their roles, operate their offices and pursue their public interests;
- Members engage their communities differently;
- Expenditures must not conflict with rules set out in other related legislation and policies (e.g. Election-Related Resources Policy); and
- All accounting, audit and *Income Tax Act* principles and rules must be followed.

Exemptions to this Policy may be granted in writing by the City Clerk and Solicitor and/or the Deputy City Clerk, in consultation with the Integrity Commissioner as necessary.

2. Guiding Legislation

The guiding legislation for the Council Expense Policy is the *Municipal Act, 2001*. Section 224 of the Act describes the role of City Council:

Document 19

- To represent the public and to consider the well-being and interests of the municipality;
- To develop and evaluate the policies and programs of the municipality;
- To determine which services the municipality provides;
- To ensure that administrative policies, practices and procedures and controllership policies, practices and procedures are in place to implement the decisions of council;
- To ensure the accountability and transparency of the operations of the municipality, including the activities of the senior management of the municipality;
- To maintain the financial integrity of the municipality; and
- To carry out the duties of council under this or any other Act.

Section 225 further describes the role of the Mayor as Head of Council:

- To act as Chief Executive Officer of the municipality;
- To preside over council meetings so that its business can be carried out efficiently and effectively;
- To provide leadership to the council;
- To provide information and recommendations to the council with respect to the role of council to ensure administrative, accountability and transparency policies are in place;
- To represent the municipality at official functions; and
- To carry out the duties of the head of council under this or any other Act.

3. Budget Allocation and Administration

3.1 Budget Allocation

Constituency Services Budget for Members of Council

Members of Council are provided with a Constituency Services Budget with which to run their offices. Expenses include items such as: community events, contributions, donations and sponsorship, office supplies and staffing. Members of Council cannot exceed their annual Constituency Services Budget. Any over-expenditure is the personal responsibility of the Member and to be paid personally by the Member. There is no carry-over of deficits or surpluses from one year to the next. This is particularly important in an election year since sufficient funds must remain for the newly elected representatives to operate their offices.

Document 19

Where it appears that a Member's Constituency Services Budget may be overspent, the Deputy City Clerk will advise the Member in writing as soon as a risk is identified and, in conjunction with the Manager, Council Support Services or the Manager, Mayor Support Services, as appropriate, work towards resolving the matter with the Member.

Council Administration Budget

The budget for the Elected Officials is overseen by the City Clerk and Solicitor. Under the supervision of the Deputy City Clerk, the Council Administration Budget is used to finance a range of items commonly used in the operation of each Office, as well as cover certain other expenses supporting the Council or required by the *Municipal Act, 2001*.

The salary, benefits and transportation allowance of all Members of Council will be drawn from the Council Administration Budget. The Council Administration Budget may also fund travel by Members of Council to conferences, Board or committee meetings of municipal organization or similar events in accordance with relevant, approved policies and procedures.

3.2 Spending Guidelines and Accounting Procedures

Members' claims for expenses must follow basic accounting and audit principles and the following guidelines:

- Expenses must relate to the business of the City of Ottawa; Members and their staff cannot claim expenses of a personal nature;
- Expenses must be consistent with what is permitted in the Office Manual;
- No expense shall create a conflict of interest, or the appearance of such a conflict, that may arise through the purchase of goods or services from a family member or a family member of one of a Member's staff;
- Members or their staff must incur the expenses. Expenses incurred by third parties
- Members' budgets shall not be used to provide a personal benefit to specific individual citizens or businesses (i.e. payment of tax penalties, parking tickets, sponsorship of personal travel, etc.);
- Members and their staff must provide proper documentation, including detailed original receipts and a breakdown of taxes, for all expense claims. Credit card

receipts or statements alone are not sufficient and will not be accepted. In the case of any on-line purchases, a copy of the confirmation must be attached to the claim. Members or their authorized staff must sign off on all receipts or invoices with original signatures. Documentation with only signature stamps or electronic signatures will not be accepted;

- Delegation of signing authority to staff must be documented on the appropriate form and remitted to the Manager, Council Support Services or the Manager, Mayor Support Services with samples of signatures prior to the transaction;
- Invoices must include a description of the goods purchased or services rendered, the cost, applicable taxes and GST Registration Number. In the event a GST Registration Number is not provided, Members' Assistants are required to contact the vendor to obtain the information;
- The City of Ottawa is exempted from GST. GST paid to vendors will not be included in the amount charged to the Member's Constituency Services Budget;
- Any material and intellectual assets purchased through the use of the Constituency Services Budget are the property of the office, not the Member. Original receipts and a photograph of the purchase are required for inventory purposes;
- All donations to charities funded by the Constituency Services budget shall be accomplished by means of a cheque or purchasing card payment and any charitable receipt shall be made out to the City of Ottawa. Charitable receipts shall be given to the Manager, Council Support Services or the Manager, Mayor Support Services. Neither Members nor their staff will be reimbursed for charitable donations provided in cash unless accompanied by the charitable receipt;
- Direct mail and direct marketing expenses for a geographic area outside of a Member's ward will not be permitted without prior approval from the City Clerk and Solicitor or the Deputy City Clerk, in consultation with the Integrity Commissioner. Notwithstanding, it is recognized that advertising in mass media and broader circulation publications and some unaddressed postal walks will cross ward boundaries and these are exempt where outside the control of the Member seeking to direct mail/direct market to his/her ward residents;
- Expenses must be charged to the year in which they occurred. Expenses cannot be carried forward to different years;
- Members who charge for goods against the current year must have received the goods and/or services from the vendor before December 31 of that year;

Document 19

- Original receipts must be submitted within 90 days of purchase and no later than the final date for processing payments within a budget year as determined by the Finance Department;
- At the end of the year, when expenses have been incurred but invoices are not yet received, Members must inform the Manager, Council Support Services or the Manager, Mayor Support Services, as appropriate, so that a proper liability can be set up. Invoices from previous years that have not been set up as liabilities will not be paid or reimbursed from the previous year's budget. Payment may be made against the current year's budget;
- To ensure financial integrity, Members of Council must sign off on disbursements/reimbursements directly payable to their staff. Further, the City Clerk and Solicitor or the Deputy City Clerk must sign off on disbursements/reimbursements directly payable to Members of Council;
- Where a Member of Council or their staff is requesting reimbursement for an expense, proof of payment must also be submitted; and
- Members of Council can obtain a Corporate Card or a Purchasing Card, which provides more flexibility with respect to purchasing goods and services, including travel expenses. Both cards are accompanied with specific reporting and accountability requirements;

4. Public Disclosure

Expense reports are prepared on a monthly basis for each Member of Council. The reports are broken down into a series of categories for ease of reference. An itemized report is provided for expenses related to donations and sponsorships, hospitality, special events and travel. Members of Council must take note of the specific documentation requirements of certain allowable expenses and ensure that the appropriate details are provided. An annual release of each Member of Council's final budget figures will also be disclosed.

Further, and in accordance with the legislated requirements of the *Municipal Act, 2001*, a Statement of Remuneration, Benefits and Expenses Paid to Council Members and Council Appointees, and Police Services Board members, will be reported to Council each year.

In the spirit of accountability and transparency, the individual office expenses for Members of City Council are publicly disclosed on the City's website.

6. Election Year Budget Restrictions

In a municipal election year, and in relation to a municipal by-election, certain restrictions are placed on Member's Office Budgets and the allowable expenses that can be incurred. These restrictions are set out in the *Election-Related Resources Policy*.

Appendix D – Election-Related Resources Policy

Department: Office of the City Clerk

Branch: Legislative Services

Authority/Approval Date: City Council, February 13, 2013

Effective Date: February 12, 2003

Revision Date: February 13, 2013

Purpose

To provide direction to Members of Council and all City staff on the administration of Corporate resources and Members' budgets with respect to election-related matters.

Principle

In compliance with the Municipal Elections Act, 1996, public funds are not to be used for any election-related purposes, including the promotion of or opposition to the candidacy of a person for elected office.

Policy Elements

1. Definition

- a. For the purpose of this policy, “election-related purposes” refer to the occurrence of a municipal election or by-election. It also includes any participation in federal and provincial elections that is partisan in nature.

2. Campaign-Related Materials

- a. At no time shall Corporate resources and/or Members' budgets be used to sponsor or produce any campaign-related materials. For the purposes of this clause, the phrase "campaign-related materials" means those materials that promote or oppose the candidacy of a person for elected office. Subject to Clause 2(b), this prohibition is not meant to restrict Members from routinely communicating with ward constituents via flyers, newsletters, householders or by e-mail. However, Members of Council are responsible for ensuring that any communications or activities funded by the City for each Member's office is not related to an election.

- b. In a municipal election year or in the event of a by-election, Corporate resources and Members' budgets are not to be used to sponsor any advertisements, flyers, newsletters or householders for the 60-day period prior to, and including, Voting Day. All communications must be delivered by the beginning of this period. This prohibition also applies to the use of any City equipment, facilities or websites if the access is City-sponsored.
- c. Notwithstanding Clause 2(b):
 - i. Where an emergency occurs, a non-emergency related community issue arises or where an annual community event is held during the 60-day period prior to, and including, Voting Day, a Member of Council may use Corporate resources to advise or contact their ward constituents with the approval of the City Clerk;
 - ii. The prohibitions set out in Clause 2(b) are not applicable where the City equipment, facilities or website access are available for such use by the public generally and the Member of Council is receiving no special preference with respect to its use; and
 - iii. The prohibitions set out in Clause 2(b) are not applicable to a Member of Council who is acclaimed, or who is retiring from office and therefore not a candidate in the election.

3. Staff Involvement in Elections

- a. In line with the City's Employee Code of Conduct, City Staff are expected to preserve the public trust and confidence in the City and apply the core values of the Code to their daily work. With respect to Elections, employees are expected to promote the principles of transparency, impartiality, respect and accountability as follows:
 - b. Employees engaged in political activities must take care to separate those personal activities from their official positions. Employees may participate in political activity at the federal, provincial and municipal levels providing that such activity does not take place during work hours or utilize City assets, resources, or property. Notices, posters or similar material in support of a

particular candidate or political party are not to be displayed or distributed by employees on City work sites or on City property.

- c. Employees wishing to run for federal, provincial or municipal office must request, and obtain, a leave of absence without pay, and abide by the respective legislation governing such elections.
- d. Should an employee of a sitting Member of Council wish to run for election or by-election, that employee must begin the required leave of absence immediately upon certification of the nomination by the City Clerk or designate.
- e. Subsequently, all employee accesses, including email and security, related to the Member's office will be suspended and all Corporate assets and resources, such as cell phones and electronic storage devices, utilized by the individual as a result of employment within the Councillor's office must be returned immediately.

4. Budget Administration

- a. As approved by the Member Services Committee, in a municipal election year, a pro-rated portion of the annual budget for each Members' office is to be reserved for the new term of Council. This means that up to 11/12 of the budget can be spent by the incumbent Member and 1/12 is to be reserved for the next term. The staff of the City Clerk's Office will monitor expenditures to assist each office in ensuring that the budget threshold is not exceeded.
- b. In the event of a ward or city-wide by-election, or an appointment for a position of Council, funds from the vacated Member's office will be set aside on a pro-rated basis for the newly elected representative based on the start date of the new Member.
- c. Pursuant to Clause 4(b), any pre-committed funds and obligations, such as web hosting fees, will be brought to the attention of the City Clerk within 48 hours of the certification and will be addressed on a case-by-case basis.

5. Enforcement

Document 19

- Should any written complaint arise regarding the alleged use of Members' budgets or other Corporate resources in contravention of this policy, the City Clerk, or his/her designate, shall have the delegated authority to investigate it and resolve any issues. If a breach of this policy is confirmed, the Member will be required to personally repay any of the costs associated with the breach.
